

Tufts in London LSE Course Grade Conversion

LSE grades consist of two components – your final written work/exam and your class contribution and work – and both will be listed on the LSE transcript sent to Tufts.

Each is worth 50% of the final grade recorded on your Tufts transcript. If separated by a single grade band the higher grade will be used (e.g., if your grades are a B and a B+ the final grade will be a B+).
